MARK L. MUMFORD
CLERK

DOROTHY P. TOLSON
CHIEF DEPUTY CLERK

March 14, 2006

I am writing this to you with a heavy heart and much regret. Let me first express to you my heartfelt sympathy in this very difficult time. I want to relay to you the extreme surprise and shock that I felt when I first received news of "Bo's" death. I am a life member, past president, and director of the Chestertown Volunteer Fire Company. Having served with Bo while he was an active member during his time at Washington College, I feel compelled to express to you how honored I am to consider him one of my friends. He was an exemplary young man that served our community with distinction and pride. It did not matter what time of day or night the alarm sounded, Bo could be counted on to respond. He always was willing to help in any manner he could.

The most impressionable characteristic that everyone who ever met Bo will always remember, is of course, that million dollar smile and that is what I will always think of fondly when I think about him.

He will always have a special place in our hearts, on behalf of the members and officers of the Chestertown Volunteer Fire Company. Thank you for allowing us to share your wonderful son.

Sincerely,

Mark L. Mumford
